PMHS -PRESTIGE MEDICAL HEALTH SCIENCES

Located in the garden city Bengaluru India which is known for its rich heritage Culture and Green environment .

PMHS which is located in bangalore is a sister concern organisation of RNGI which is located 90 km away from Bengaluru in a small town which had rich British culture during the olden days also has the second deepest Gold mine in Asia .

Since RNGI has its vision in expansion into medical sector in a larger scale it has its sister concern PMHS- Prestige medical health sciences established in a metropolitan city Bengaluru which is run by qualified doctors from various specialities in medical field .Main aim of PMHS is to standardize the medical education system and obtain newer method in learning and implement the knowledge as obtained across globe .

PMHS aims at training its students in the field of medicine where every student during his/her tenure of education is trained in his/her subject knowledge along side with personality development like giving seminars for a large mass ,attend conferences ,conduct health related camps and how to be a team organiser and leader to work as a team .Here every student is also thought about digital medicine care , primary care and how to handle cases in emergency situations .

PMHS is also stepping into studies of environment and how the surround environment affects an individual health and how environment does play a major role in health system.

We are also forming a team to research on biomedical waste management systems which is very much necessary for the benefit of a community .

PMHS is also conduct classes and camps at rural areas educating people on personal hygiene care for men and women .

Here every student is also trained for their personal well being and being educated about healthy diet and YOGA.

We are also into Medical Health related services like -

- Labs & diagnostics
- Tele medicine 24/7
- Tele radiology 24/7
- Medical tourism
- Medical insurance
- Medical rehabilitation
- Medical Ayurveda spa

Eye care centres across bangalore city

Our biggest collaboration with NH one of the famous Medical service provider across Globe
